EMGLCA is a recognized and certified non-profit organization dedicated to promoting girl's lacrosse by providing a network of information and education to member coaches. We represent over 120 public high school girl's lacrosse programs in Eastern Massachusetts.

League Representatives from every recognized league serve as the voices for the nearly twenty individual leagues and participating high schools at EMGLCA, Emass All Star selection, and MIAA Seeding meetings.

EMGLCA membership dues help fund the annual coaches' clinic, our website, and other activities which benefit female public school players in Emass.
